Session 2018-19

Best Practice 1:

1. Title of the Practice: Establishment of Institute Innovation Council in the institution organized by MHRD, Govt. of India

2. Goal

- To aware and encourage the students to think about various challenges existing in the daily life, social, corporate, ministry and different companies' problems
- To promote innovation promotion eco-system in the campus
- To encourage the student and faculties to work on new ideas and innovation and promote them to create start-ups

3. The Context

- The institution is situated in rural area and modern technology for seeking higher education through interaction is still not adequately available to the students coming from villages.
- The IIC provide platform to students for their ideas related to various issues and challenges also it develop cognitive skills, product design thinking and prototype idea in the students.

4. The Practice

During this session following programmes of IIC were organized:

- Invited lecture of Prof. Sudheer Mehrotra, Dept. of Biochemistry, Lucknow University, Lucknow in one day Workshop on "Intellectual Property Rights (IPR)" on 20 Dec 2018.

- Live session and discussion of India's first leadership talk series Episode 04 on "Future of Technical Education in India" by Prof. Anil D. Sahasrabudhe, Chairman, All India Council for Technical Education on 03 May 2019.

5. Evidence of Success

The current trend in the advancement in the field of research has now laid a lot of emphasis on the use of innovative ideas of youngsters for the issues and challenges of various areas. IIC has generated the opportunity to the young mind to set up their ideas for the existing social challenges. Several competitions and workshops have been organized throughout year for the refinement of the student ideas. The ideas of two students of the institution Vikas Kumar Pandey (M.Sc. IInd Semester Physics) and Mohd. Moshfique Khan (M.Sc. IInd Semester Botany) were selected for presentation in regional mentoring session for proof of concept (PoC).

6. Problems Encountered and Resources Required

All these activities need a separate and well equipped uninterrupted full speed Wi-Fi enabled computer room. The webinar (live) sessions are interrupted due to weak connections and the students are unable to discuss their queries with the experts.

Best Practice 2:

3. Title of the Practice: Implementation of online feedback system (student feedback survey) for the students.

4. Goal

- To provide the students a platform where they can acknowledge the institution about the academics and other related issues.
- To aware the institution about their strengthening and shortcomings and make them more efficient

3. The Context

- The institution is situated in rural area and modern technology for seeking higher education through interaction is still not adequately available to the students coming from villages.
- The online feedback system of the institution covers whole spectrum of a proficient academia and thus it explores the impact of institution from all dimension.

4. The Practice

Students fill the feedback online through the weblink provided in the given proforma. The feedback proforma (student satisfaction survey) prepared as per NAAC guideline and covers academic content, library facilities, course study materials, ICT and laboratory facilities, evaluation system etc. In order to encourage students for submission of feedback, workshop on E-filling feedback system was organized regularly.

5. Evidence of Success

Total 250 responses were collected from various streams and classes of the institution. The feedback profile evidence the quality education of institution and effective teaching learning through innovative strategies and new technology. The response reflects the appreciable infrastructure and other curriculum related resources. The result of student feedback responses on teaching and learning process were collected and analyzed by IQAC of college and inform to the principal for their suggestions.

6. Problems Encountered and Resources Required

As the institution is situated in rural area, all the students are not much familiar to the online form submission, therefore well-equipped uninterrupted Wi-Fi enabled computers are required to access every students.
